Instructor checklist — Week 12, Day 1

Before class

- [ ] Slides `docs/slides/week-12-day-01.html`
- [ ] `gcc` available; `cd starter/race-lab && CGO_ENABLED=1 go test -race ./...`
- [ ] Confirm Unsafe counter still fails before students patch

During

- [ ] Show DATA RACE on projector once
- [ ] Fix with Mutex live
- [ ] Context + `c.Request.Context()`
- [ ] Cut shutdown demo if lab needs time

After

- [ ] Collect PRs with `-race` in README
- [ ] Reject “WaitGroup only” race “fixes”
