

Lab gate — Week 2, Day 1

Fill this and show it with your GitHub page before you leave. Name: _____

You are done only when every box is ticked.

- ☐ Worksheet sections A–D are filled (zeros, conversions, operators, runes)
- ☐ `go run zeros.go` prints zeros and a Fahrenheit value
- ☐ `go run greet.go -first Ada -last Lovelace` prints a full name (not a pointer)
- ☐ `names/` has `go.mod`, `names.go`, `names_test.go`
- ☐ `go test` in `names/` is green for `FullName("Ada", "Lovelace")`
- ☐ GitHub has the week 2 files, **not** compiled binaries
